

Code of Practice for Real Estate Onsite Visits

The safety of our clients, residents, guests and team members is our highest priority. We accurately abide by Government and Health Authorities' recommendations and kindly request your cooperation in doing so.

On-site visits

Keeping a minimum 2-meter distance between any two people, wearing gloves and approved masks are always mandatory.

Before the visit

Recent travel

If you travelled recently and may have been exposed to Covid-19 please postpone your visit.

Body temperature

We may measure the body temperature of anyone entering our premises.

Hand sanitizers

Hand sanitizers are available and you are required to use them.

On your way to your property

Sales agents will wait

If you arrived accompanied by a sales agent, you would preferably proceed while the agent waits outside the property for your visit to end.

Vacant property

Before starting a visit, your Sales Consultant will ensure nobody else is inside property.

At the property

Visit leisurely

Your Sales Consultant will open your property and will wait outside while you visit it leisurely. Please do not touch anything while inside.

Facilities closed

Also note that access to public facilities such as clubhouse, sports club or shops may be limited or impossible.
